**United States Court of Appeals
for the Federal Circuit**

ROBERT BOSCH LLC,
Plaintiff-Appellant,

v.

PYLON MANUFACTURING CORP.,
Defendant-Cross-Appellant.

2011-1363, -1364

Appeals from the United States District Court for the District of Delaware in case no. 08-CV-0542, Judge Sue L. Robinson.

ON MOTION

Before PROST, *Circuit Judge.*

O R D E R

Robert Bosch LLC moves to dismiss these appeals for lack of jurisdiction. Pylon Manufacturing Corp. opposes. Bosch replies.

Bosch argues that this court lacks jurisdiction over the pending appeals because the issues of damages and willfulness have not yet been resolved by the district

court. Under 28 U.S.C. § 1292(c)(2), this court has exclusive jurisdiction in appeals from judgments in patent infringement cases that are final except for an accounting.

Accordingly,

IT IS ORDERED THAT:

The motion to dismiss is denied.
