Appeal from the United States District Court for the  
Central District of California in case no. 11-CV-0139,  
Judge Dean D. Pregerson.

**ON MOTION**

---

Before PROST, *Circuit Judge.*

**ORDER**

Teledyne Technologies, Incorporated moves to expedite the briefing schedule and decision by this court.

Teledyne may of course, without order from this court, expedite the briefing schedule by filing its own briefs significantly early. However, the briefing schedule suggested by Teledyne proposes no such significant expedited

briefing. The case will be assigned to a panel after briefing is completed, which is the usual course.

Upon consideration thereof,

IT IS ORDERED THAT:

The motion is denied.
